21. [REDACTED] LIAISON Per George Cary's request, I called Brian Atwood, Congressional Relations, Department of State, and told him that we had received a constituent letter from Representative Les Aspin (D., Wis.) asking about Cambodian refugees and CIA involvement with the plight of those refugees. I told him that we had answered the letter stating that there was no CIA involvement with those refugees and had suggested that the Department of State would be a better source of information on what the United States Government was doing with regard to those refugees. He expressed appreciation for the call.

22. [REDACTED] LIAISON Per [REDACTED] request, I forwarded to Michael Glennon, of the Senate Foreign Relations Subcommittee on International Operations staff, his sanitized notes which were taken on 14 and 19 December.

✓ 23. [REDACTED] LIAISON Took a call from Sally Yazell, office of Representative Robert F. Drinan (D., Mass.), who inquired about the status of our response to Dr. Mae Churchill regarding her inquiry about CIA drug testing. I indicated to Ms. Yazell that we had similar Congressional inquiries from nine Members of Congress regarding the same issue, that we had replied on an interim basis directly to Dr. Churchill, and that we would be happy to forward a copy of our final correspondence with Dr. Churchill to her office when it becomes available. She was appreciative and indicated she would forward a referral directly to us.
